

Software, data, AI/ML, and cybersecurity engineering for prime contractors supporting IC and DoD missions.

33 Solutions LLC is co-founded and led by Anthony Toreson, a former U.S. Army Military Intelligence systems integrator (33W / 35T) who supported SIGINT missions during Operation Iraqi Freedom and on the Korean peninsula.

DIFFERENTIATORS

- Named principals do the work — no layers, direct accountability
- Fast mobilization of individuals — right-sized for single-billet and small-team subs
- Access to a DMV-area network of ~30 technical professionals holding active clearances

SECURITY POSTURE

FCL-eligible — 33 Solutions LLC does not currently hold an FCL; we are seeking sponsorship, with realistic issuance at 12+ months. FSO and ITPSO roles staffed. SBA-certified SDVOSB — subcontract awards count toward prime subcontracting plan goals.

CAPABILITIES

Software Engineering

Front-end, back-end, and full-stack development in Python, C/C++, and modern web technologies — new systems and legacy modernization for secure enterprise and on-premises environments.

Data Engineering & Big Data

Postgres, MongoDB, Hadoop, Apache Spark, and more — pipelines, large-scale processing, and analytics at enterprise scale.

AI, Machine Learning & RAG

Advanced ML and retrieval-augmented generation beyond chatbots — automation, analytics, and intelligent decision-making. AI governance advisory available.

Cybersecurity & Compliance

NIST RMF and 800-53 control implementation and assessment, Zero Trust architecture and IAM, detection engineering, SIEM, and incident response, DevSecOps and secure code review — through ATO and POA&M management and CMMC readiness.

PAST PERFORMANCE — 33 SOLUTIONS LLC

- State of Texas — facilities maintenance, 2013–2016
- Commercial healthcare — custom software development and IT delivery, 2012–present

KEY PERSONNEL EXPERIENCE

Anthony Toreson

Co-Founder & CEO · CISSP · former TS/SCI holder

Professional Services Practice Leader at MongoDB — managed \$5M+ in annual services revenue with individual project delivery for DHS, VA, and IRS. Master of Computer Science and MBA, Rice University.

Michael Meis

Co-Founder & CIO · CISSP, CISM, CCSP, PMP · former TS/SCI holder

U.S. Army veteran. Associate CISO & Head of AI Strategy at the University of Kansas Health System; previously led global security risk at H&R Block and USDA cyber programs. MBA; M.S. in Cyber Security & Information Assurance.

Let's talk about your open requirements.
